With reference to para 2 of G.O. No.20-W, dated -- 7-1-24, I have the honour to request that you will be good enough to obtain the very early sanction of Government to the entertainment of the two clerks asked for in connection with the Famine operations in the Bellary Division. The Executive Engineer is pressing for the sanction

sanction as the office work is growing very heavy and getting into arrears and I am, therefore, asking him to appoint the men at once in anticipation of sanction.

Yours faithfully

Famine operations - Bellary - Employment of 2 clerks - 1 for the Bellary Dy office & 1 for the Sub Dn office

200 Ad-24-2 d 21-1-24

The Govt Consider that the necessity for two clerks has not been fully established & that there is probably not much ordinary work in progress apart from the famine. The S.E. is therefore requested to submit a detailed report fully justifying the demand

VERY URGENT.

Copy of letter No. 155-F, dated 1-2-24, from the Executive Engineer, Bellary Division, to the Supg. Egineer, Madras Circle.

Ref: Your No. 3-By/23-1-24, Famine Test works- Additional clerks.

The clerical establishment of my office already overworked, even with the ordinary works in progress and work is falling into arrears, as the strength for this year was curtailed by one compared with that for last year. I have been repeatedly urging the necessity for an additional clerk - vide my Nos. 5507/8-B-23 and 7511/21-10-23 with the first of which certain statistics called for by you were also furnished.

It is therefore unnecessary for me to add that the present staff, already overworked as it is, cannot bear the additional burden thrown on it on account of Famine works. The need for an additional clerk for the Division Office has become more urgent and acute and in view of efficiency and the fact that matters relating to Famine should be given preference over others and attended to most expeditiously, I request that immediate sanction may be obtained for the entertainment of an additional cler and the sanction communicated to me by wire.

Similarly with regard to the Sub Division Office, the clerical and accounts work has already increased and the existing staff cannot cope with it. An additional clerk for Anantapur Sub Division has since been sanctioned in G.O.No.11-W/4-1-24 and one for the Bellary Sub Division is also absolutely necessary in the interests of efficiency.

In your No.39-By/16-1-24 permission was granted to appoint the 2 clerks in question in anticipation of Govt. sanction, but it is regrettable that it was subsequently withdrawn, and my office work is suffering a good deal.

I agree with the Executive Engineer that it is impossible for the existing staff to manage with the additional work thrown on them by the Famine operations. It is not clear on what basis the presumption has been made that there is not much clerical work in the Division now apart from work created by Famine. It would be an absolute impossibility for the Executive Engineer to get on with the staff at his disposal. Two clerks asked for may be got sanctioned at an early date.

Submitted. As C_1 is not satisfied as to the necessity for the clerks orders of M_2 & C_4 have been asked whether a further reference may be made to the S.E. asking him to justify the demand for 2 clerks. The file on the subject is now in circulation. As the S.E states that he is asking the Exe Engineer, Bellary to appoint the men in anticipation of sanction the S.E. may, it is submitted, be told that pending further orders the clerks should not be employed. He will doubtless cancel his instructions to the E.E. A draft memo is submitted.

The remarks of C.24. will be found on P 8 of Fo 20 W of 7.1.924. (29)

for famine works the last work in the Bellary taluk has now been converted into a relief work & the bulk of the Bellary taluk has been declared a famine area. The additional clerks applied for seem to be necessary. The word 'test' occurring in the draft to be replaced by 'relief'. Subject to this remark the draft order may be accorded & the file passed on to Finance

Attention is invited to Finance note on pages 6-7 and Hon'ble C.l's note on pages 8-9 of G.O. No.20 W.d/ 7-1-24.

2. It was then held that the necessity for two clerks on Rs.35 each p.m. for Famine relief works in Bellary was not fully established. The Executive Engineer and the Superintending Engineer, Madras Circle, press for two clerks and state that it is an impossibility to get on without additional staff. Vide. pages 5 &6 C.F.

3. In these circumstances Finance may agree to the proposal and the draft order may be accepted.
